INTRODUCTION

The terror in Astara began when the powerful and sinister forces of the Shadowraith Dark Yabu and his devoted minions came down from the skies. They descended upon the peaceful village of Overwood and wreaked havoc and destruction.

Vargas, the aging guardian of Overwood, and his grandson Vexx were defiant yet outnumbered and were enslaved with the other defenseless villagers under Yabu's dark power.

Unable to bear it any longer, Vexx launched a futile assault on Dark Yabu. Before Yabu had a chance to punish the boy, Vargas attacked the Shadowraith, hoping to distract the evil lord long enough for his grandson to flee. Yabu turned his powers on Vargas and destroyed him as Vexx helplessly watched.

Stricken with grief, Vexx escaped through the tunnels, vowing to one day take his revenge. Fate would grant him not revenge, but fortune...the legendary Astani War Talons.

Now armed with his war talons and his fearless determination, Astara's slave turned savior will stop at nothing to overthrow the evil Dark Yabu, avenge his grandfather's murder, and bring peace back to his planet!

JUGGLING Once an attack has an enemy in the air (a Flare Kick, for example), continue the attack, keeping your enemy in the air by "juggling" him. Juggling an enemy fills your Frenzy meter.

TIP: A big part of successful combat is finishing what you start. Try to make your enemies cry "uncle" by combining moves while the enemy is in the air. For example, knock a guy off his feet with an uppercut or a flare kick and then keep punching and kicking to juggle the unlucky chump. The more you juggle, the more goodies you can get.

Special Talon Attacks

TALON CHARGES Juggle enemies to release glowing blue energy. Collect enough of this energy and you can unleash the hidden power of the War Talons.

CHARGED TALON ACTIVATION To activate the Charged Talons, press the button.

TALON DASH Once the Talons are charged and activated, press the left analog stick to move around in a dash.

TALON BLAST Once the Talons are charged and activated, press Attack to fire a Talon Blast.
When you enter a new world or collect a pickup, your item count appears on the top left of the screen.

**HEALTH AND LIVES REMAINING METER:** The circles around the outer ring of the health meter show your total available health, the number of these that are lit up represent current health. The number inside the Vexx profile shows your remaining lives.

**SWIM TIMER**
When Vexx is underwater, a bubble will begin rotating around the circumference of the health meter. This represents Vexx's air supply. The bubble begins its revolution at the purple pointer to the right of the Vexx profile. Each time the bubble completes a trip around the meter, Vexx loses a unit of health and the bubble speeds up. To reset the Swim timer, swim into an air bubble or surface for a breath. Once Vexx is down to a just a few units of health, the bubble will be spinning fast and you're headed to a watery grave.

**FRENZY METER**
The meter at the upper right of the display shows how many Talon Charges you have collected. Each bar is gradually filled in as you extract charges form your juggled enemies. When all three bars are filled, the meter will flash and you can unleash your special Talon Attacks.

**The Rift Hub**

The Rift Hub is the central nexus which gives you access to all the worlds of Astara. You'll need enough hearts to open each portal, so at the beginning of the game, only Timberdale will be available. As you collect hearts, power is added to the rift system and new worlds become accessible. The number of hearts required to enter each world appears above each doorway. Walk towards a doorway to choose the world you wish to enter. The Wraithheart selection screen will appear. Select the Wraithheart challenge you want and press the button. You will return to the Rift Hub and the selected portal will open, allowing you to enter the world.

After you collect a Wraithheart you will return to the Rift Hub and can enter another world or return to the one you just came from.
Pick Ups

SHADOWRAITH HEARTS
When the Shadowraiths descended upon Astara 700 years ago, their ravenous appetite for power drove them to devour the energy that fueled the Astani's amazing portal system. Now, nearly a millennium later, Vexx can restore power to an incredible network of gates by returning the hearts of the fallen Shadowraiths to the portal's Rift Hub. Once enough hearts are placed in the rift, portals to new worlds will be unlocked. Powering up the portal system is the only way Vexx can travel to the Landspire and catch Dark Yabu.

SOUL JARS
As the Shadowraiths pillaged Astara during the great cataclysm, each dark warrior carried a soul jar at his side. Soul jars were used to contain the spirits of the fallen Astani so they could be devoured after the battle. Many of these jars were left behind when the war was over and the dead of each side littered Astara. Vexx can collect six Soul Jars in each world and the freed souls from within them will reward Vexx with a Shadowraith Heart.

SHARDS
Some Shadowraith Hearts were broken into the many shards from which they were constructed. Collect 100 shards in each world and you'll reveal a hidden Shadowraith Heart.

TALON CHARGE
Juggle your enemies and these wisps of blue energy will fly into the War Talons.

REIA'S SCROLLS
The history of Astara is written on a few precious scrolls. Collect one in each world.

Elemental Power-ups

At key points throughout Astara, Vexx will find ancient power-up pads that the Astani used to tap into the elemental forces of the War Talons. One unlocks the Air Suit and the other unlocks the Rock Suit.

For the pads to work, Vexx must first collect an elemental rune for each. Once the rune has been collected, standing on the Elemental Pads will unleash these special abilities.

AIR SUIT
When Vexx unlocks the Air Suit, it allows him to glide through the air and land harmlessly on the ground, rather than plummet to his death. With the Air Suit, Vexx will be able to reach heights he never could otherwise. Be careful though, the Air Suit doesn't last forever. A timer in the right corner tells you how much time you've got—don't run out in mid-flight!

ROCK SUIT
The Rock Suit makes Vexx stronger, allowing him to smash through some very tough surfaces. It also gives him temporary invulnerability and faster top speed (though it will take him longer to reach the top speed). The Rock Suit will cause Vexx to sink to the bottom of water. As with the Air Suit, the Rock Suit does not last forever so use it wisely.

Health and Life Pick-ups

HEALTH
Curiosity and courage can result in regained health. Destroying an enemy can cause him to drop a health pick-up, and certain objects can be smashed to reveal health pick-ups, too. Don't forget to check the spirit stones. Always be on the lookout.

EXTRA LIFE
Gain an extra life by collecting this item.
Devices

SUNDIAL
In many worlds, there is a sundial that can be used to actually change the time of day. When Vexx jumps onto the sundial's center button the device is engaged. Moving LEFT or RIGHT on the left analog stick will spin the dial around. As the dial spins, the pointer passes the hours of the day and Vexx can see the suns and moon chase each other across the sky as the day changes. This can come in very handy if the night creatures prove too dangerous.

SUNDIAL PORTALS
At certain hours of the day, these doorways reveal portals to enigmatic worlds. Check each sundial for markers hinting at when these doors will open.

SHATTERSPHERES
Hit these mysterious bobbing orbs and they reveal precious information that will make the wild world of Astara a tad less daunting.

WORLD GATES
Your arrival point in each world; this is where the Rift Hub portals to.

BOUNCE PADS
These handy pads will give you an extra lift to get to hard to reach spots. Just hop on, depress the pad and you are up and away.

SPIRIT STONES
These eerie memorials to the fallen Astani will give you a glimpse of the awful fate that awaited that proud race. Give the stones a pop and they'll give you health.

Level Overview

Vexx,

Cruel fortune has cast you from your home and into the shattered world of Astara. The vicious Dark Yalu has destroyed all you've known and ever held dear. Now, thirst for vengeance is the fuel that drives you through these forsaken remains of a once mighty planet.

On your quest you'll discover the ancient ruins and natural wonders of Astara. From the towering, twisted arbor of Timberdale, the shadowy depths of the Neverglades, to the frozen outlands of Frostlight Mill. Through ancient temples of wonder and chambers of mechanical horrors to the massive foreboding Tempest Peak Manor, over majestic summits and afloat upon treacherous winds.

As you discover your new powers, you'll dash through the deserts that rose out of Astara’s apocalyptic past, where holy shrines and prehistoric beasts both succumbed to the cruelties of time.

Soar past the tattered edges of Astara and dive to the mysterious depths of the Below. Go where you must to collect the Wrathhearts and unlock the state chambers of the Landspire as you prepare for your final confrontation with Dark Yalu.

But beware nightfall, when the six halls of the Landspire toll and creatures become vicious shadows of their daylight selves. And beware that which drives you, young Vexx. The ache for vengeance sits somewhere deep within the soul, but a deeper mystery is about to be unraveled by your own Talon-clad hands.

Beware,

A friend
Characters

Just a kid filled with enthusiasm and reckless spirit, Vexx's peaceful childhood is destroyed by Dark Yabu's vile greed. When Vexx discovers the Astani War Talons, his destiny will never be the same. As he grows into a nimble and able combatant, can he harness the power of the Talons and his own rage to exact his revenge?

Darby

This old wanderer serves as Vexx's guide and mentor. Having lost his once considerable powers, he now must rely on the young Vexx to carry on the ancient traditions and right the wrongs that have plagued his existence. A mysterious figure leading Vexx into an even greater mystery? Perhaps.

Reia

The last of a proud and noble race, Reia maintains a lonely watch over Astara. A mysterious figure whose ancient powers have waned, Reia moves through the shadows of Astara's dark history.

Vargas

Vexx's tough old grandfather, Vargas, is the aging guardian of the village of Overwood. Even as the years slow him, he never backs down from a fight, and he's taught his grandson to never take anyone else's gaff either.

Dark Yabu

There are none more evil than the Shadowraith Dark Yabu, a creature so vile and troubling that generations curse his name. He is the cause of much misery, and the one Vexx is sworn to vanquish. He will not be conquered easily....
Creatures

Here are some of the creatures you'll face in your adventures. You will certainly find others, too.

**PUGGLES**

This scuttling little mound of warts known as the Puggle is a squeaky, little testament to nature's cruel whimsy. Armless, nearly legless and covered in slimy, bumpy skin, it should not be surprising that Puggles have a bad disposition. Wait until a herd of them tries to bump you around and you'll see what we are talking about.

**GRIMKIN**

This strange race of half-wits may have, by default, inherited much of Astara, but just one look at them and you'll agree that they still got the short end of the post-apocalyptic mutation stick. All that mispent evolution seems to have gone straight to their thick-skulled heads. Watch out for that monstrous melon, by the way. the Grimkin are fond of delivering a jarring, thick-skulled head-butt.

**SKINX**

These hooded pests have a habit of showing up in the worst locations. They hover until an enemy comes in range and then use their swooping dive attack to knock you off track. The worst place to be during a Skinx attack, right underneath them, is also the best place to be. Keep that in mind.

**SHADOWCREEPS**

Vile creations of the Shadowrealm, these creepers are under Yabu's command and gleefully scurry about on his evil errands. When you find them, you can be sure the dark one has been about. These guys burrow out of the ground, scurry about and leap into their attack. They also like to travel in packs.

**YABU'S GUARD**

Dark Yabu's elite guards are big, bad and have an axe to grind... a big axe. These guys swing with authority and are amazingly quick for their size. When attacked, the guards block with their mighty axe head. Your only hope may be to get them off their feet.

**SHADOWMINION**

Yabu's first waves of attack are these travel-size pawns. What they lack in stature, compared to Yabu's elite cadre, these shock troopers make up for in viciousness and weaponry. The minions command a variety of side-arms including swords, maces, and throwing stars.

**BOULDERDASHER**

These lumbering brutes are cut from the rugged stone of Astara. They have a bone-crushing ground smash attack and are damn near invulnerable. They're so massive, in fact, they seem to have a hard time getting back on their feet after a strike. When you're in a rocky, mountainous environment, beware tremors in Astara, it may mean a Boulderdasher is near.
BLAST BUGS Beware these scurrying insects that seem to have benefited from some very strange mutations over the past 700 years. No one is sure why, but they generate electric blasts from their antennae. Stay away from the beams because the result can be devastating. Another head's up, they like to travel in pairs so they can bridge their beams. Sometimes you'll find them in small packs. Together, they can dish out brutal punishment.

HOBBLETRODS On their own, these critters seem pretty tame. After all, their only attack is defensive: they fire out a single energy beam that grabs onto you and forms a sort of electric leash. The problem is, this leash is kind of debilitating as it inhibits your movements and attacks to the tune of half-speed. No big deal, unless your are in the middle of a risky jump or facing a head-on with a horde of enemies, or desperately chasing a bit of health... well, you get the idea. In short, these little guys are a big drag. If you want to get free you'll have to shake your way out.

SHREEK These guys seem to have gotten a raw deal. Tethered to a pole and stuck in the middle of some forsaken spot, the Shreks are miserable creatures. The only thing that makes them feel better is to make you more miserable. If you catch one napping, try and keep it that way. When it wakes up, a Shreek scans around and if you get caught in his headlight, he lets out a blood curdling scream that paralyzes you with a jolt of electricity. If that isn't enough, his vail also summons a pack of other enemies, each of whom seeks to hurt you bad.

KRUNKS These ornery beasts have a brutal dash attack and heads like an anvil to deliver it with. Once they lower their heads and start their charge, there is nothing you can do but get out of the way. Apparently, they can be smacked up on and taken out while grazing, but we can't recommend such suicidal behavior. If you meet a Krunk you will be either airborne or lucky. Krunks tend to inhabit mountainous peaks and ledges (in other words, the last place you'd want to meet one, so consider yourself warned).

FLEMBLOSSOMS As if the fauna around Astara wasn't bad enough, the flora can be worse. Even the plants can kick your butt around here. You can spot the strange Flemblossoms by their colorful leaves and their tendency to heave up and down right before they spit out a glob of searing plasma. Plasma that can kill you if you get hit too many times. After each shower, the blossoms gurgle up another round -- that would be a good time to get the hell away. At least two different varieties of Flemblossoms are known to exist, possibly each has a slightly different attack.
FLOPPERS/TRENCHIDS  The only thing worse than a vicious little enemy is a vicious little enemy that attacks and then hides. You’ll find these Trenchids burrowing underground and leaving mounds of dirt in their wake. They like to pop out right where you are standing and send you sailing up into the air, only to scurry back underground and escape your wrath. Oh, and here’s the bad news: Trenchids like to be where it is hot, as in lava pool hot.

GOOBEASTS  These slithering piles of slime like to be in the swamps where they can spawn their little goobabies in peace. Watch out, because these guys will go to pieces when you pop them. When attacked, Goobeasts break into several little goos who will rapidly grow to full size and increase the grief. Fortunately, while they are small you can simply step on them and they’ll go splat.

HULKS  These massive behemoths seem to be some strange mutant cousin of the Grimkin but, unlike those puny melon heads, these bruisers put their entire body into an attack. These guys are tough and appear unfazed by extremes of temperature. When you least want to meet one of these guys, you’ll probably meet three.

SLYPHS  At least Slyphs are stuck in the ground. They aren’t going anywhere but whip and strike at anything that comes their way. If you find them on a path you must traverse, you better hope they overextend themselves.

SUMO-KIN  A walking, rocking, belly-knocking 2-ton slab of blubber, Sumo-kin has waited 700 years for another challenger. If you can battle the bulge you win a prize. Watch it, Sumo-kin has some other tricks in his rolls of fat.

MUMMY OF ABERAXIS  A decrepit mummy who’s still rollin’ and aims to take you out. Can you unwrap the secret of his prize?

OLD ONE-EYED MONK OF NANYK  A man of peace and prayer, will you help him out with a little wonton destruction?

REX  You may find your way to the legendary Tempest Peak Manor, the exquisite and imposing former residence of the Storm Giant, an enigmatic figure who once ruled and raged around the peaks of Astara. Legend has it the Giant was sucked through the rift to the Shadowrealm. His poor pet was left behind and hasn’t been fed in 700 years... so don’t tempt him. You might be able to outrun him, but if you think you can defeat him, here’s a hint: you can’t.
LEVIATHAN
A monstrous floating beasty with a surprise in his belly.

NASTY, BRUTISH AND SHORT
Three clueless pirates wandering in a world without booty. Maybe you can help them out.

Here is a clue to unlock something important....
